UK – [01 April 2025] – Cartwright, the pension specialist for defined benefit and hybrid schemes, today announced it has further enhanced its investment consulting team with the appointment of Arash Nasri as Senior Investment Consultant.

Cartwright

Our experience, people and pioneering spirit is what sets us apart.

Cartwright was originally set up back in 1986 to fill a need within the pension sector. To give specialist and bespoke financial services to an often badly-catered-for market: those with £5-500m in assets under management.

However, it wasn't long before their wisdom in pension trusts was sought out by those with similar assets requiring management and advice.

Leading Cartwright to offer their unique know-how to sectors of a similar nature and with similar problems; like Charitable Trusts, Funeral Trusts, Corporate Treasuries and businesses nationwide.

Today, they have over 200 clients who rely on their expert advice, management and administration to keep them ahead of the curve.

Cartwright are proud to offer the level of service usually reserved for the big player: innovative, professional and totally bespoke. Find out more at:
